

## Choose Private Label Dusting Sheets Manufactured by 3M

3M extends its expertise in adhesive and non-woven technologies to offer disposable dusting sheets under your brand as a private label offering. Accept no imitators. Choose Private Label Dusting Sheets by 3M to provide a consistent, positive brand experience for your guests.

### What This Means for Your Customer

#### Effortless Cleaning

- 25% less resistance than competitive disposable dusting sheet reduces worker fatigue. 3M adhesives pick up dirt, dust and hair using less force - for cleaning that feels effortless.

#### Flexibility

- From floors and tops of doorways to light fixtures and hard-to-reach corners, dust is everywhere and on everything. In order to keep a space free of unwanted debris, it's crucial to have a dusting system that provides a top-down solution with efficient, versatile and reliable results.

#### Effective

- The disposable sheets are lightly sticky, can be used on both sides and are perforated every 6". They can be used on nearly any hard surface flooring, baseboards, moldings, ceiling fans, and vents. Picks up on surfaces that are wet or dry. No special tool required. Sell high dusters, flat floor tools alongside your brand's dusting sheets.

#### Sustainability is a Growing Concern for Facilities

- 3M evaluates the environmental, health, safety and regulatory impacts of our products. 3M's dusting sheets are manufactured with at least 60% recycled content. The packaging is made from 100% post-consumer waste.

## What This Means for You

### Success

- We want you to be successful. We offer a marketing kit including photography, a customizable sell sheet and free sample packs. We only require 1 case minimum per order and only \$5,000 in total annual 3M dusting sheet sales.\*

### Value

- Clean what is needed when it's needed. At a better price, great cleaning is affordable.

### Timeliness & Consistency

- 3M dusting sheets are manufactured in Prairie Du Chien, Wisconsin, USA. Our product will arrive in a timely manner and sustain composition in shipping which is critical to your business.
